Welcome
to Lake Chapala

A 5-meter-tall bronze statue of Jesus the Fisherman overlooks Chapala's east harbor.

LAKE CHAPALA, the largest natural lake in Mexico, is home to the world's largest English-Speaking community of expatriates, many of them originally from the U.S. or Canada. This directory serves that community, as well as the many English-speaking tourists who visit the region every year.

A number of factors attract foreigners to the area: excellent climate, natural beauty, reasonable cost of living, and friendly people. All of the components for a comfortable lifestyle are available here, or within a short drive. The ads in this book illustrate those amenities.

Arguably the principal attraction to Lake Chapala is its semitropical climate, rated among the best in the world. At about 5,000 feet above sea level, with

The town malecón or boardwalk is always a favorite with residents and tourists.

Horses and burros are a relatively common sight.

an average temperature of 75° Fahrenheit, the sun shines almost every day. Even when the cooling rains come (June to September), it almost always rains during the late-night or pre-dawn hours, with the sunshine returning during the day.

Fireplaces are common, although mostly for ambiance. So moderate is the temperature that air conditioning and heating units are rarely seen.

Mexicans and foreigners alike enjoy the area's colonial architecture, reasonably priced handcrafted goods, and both traditional Mexican or international cuisine.

Unlike many areas of Mexico, a number of amenities are readily available here due to the large foreign community in residence. International ethnic restaurants, steak houses, and imported goods of all varieties can be found. Two- to five-star hotels, spas, touring companies, and scores of English-speaking organizations serve the year-round residents, the snowbirds (northerners who winter here) and tourists.

Over the past years, the Jalisco State government has invested greatly in improvements to populated area, such as the renovation of the old train depot, parks, bike

lanes, and the Chapala and Ajijic boardwalks.

Many of the small pueblos along the lakeshore offer diversion, and an endless selection of art, clothing, handcrafted furniture, jewelry, decorative items, etc.

HISTORY & CULTURE

Two islands are found in Lake Chapala. One of these, Scorpion Island, is a sacred site for indigenous Mexicans. The other, Mezcala Island, is a national monument and the site of a glorious episode in Mexican history.

In the early 1800's, from their

stronghold on the island, a very determined band of 1000 Mexican insurgents — grossly outnumbered and with little or no arms and supplies—held off the powerful Spanish army and navy for four years. Eventually defeated by typhoid and dysentery rather than force of arms, the freedom fighters' brave resistance is said to have inspired Mexico's independence in 1821, ending 300 years of colonial rule

Just before the start of the 20th century, tourists discovered the sleepy little fishing village of Chapala and a small building boom began. D.H. Lawrence wrote his novel *The Plumed Serpent* while living in Chapala. The novel is set on Sayula Lake, al-

though the description is clearly that of Chapala town and lake.

CONDITION OF THE LAKE

In the early 1990s, with the construction of numerous dams and an increasing demand for water for industry and farming, a tug-of-war over rights to Lake Chapala and its water supply began. As a result, the lake level dropped to a critical stage and received worldwide attention.

In 2003, Lake Chapala was accepted as a full member of the Global Nature Fund's Living Lakes program, which works to protect and preserve endangered lakes of the world, such as Lake Chapala.

Unusually abundant rainy seasons in recent years, combined with upstream dams being filled and thus forced to release excess water, have restored the lake level, bringing a flood of tourists back to the area.

In early 2009, Lake Chapala was added to the international list of important wetlands by the Ramsar Treaty. Enlistees of the Ramsar Convention agree to conserve and protect natural wetland areas which provide waterfowl habitat, such as Lake Chapala. The move is expected to check environmental degradation of the country's largest lake and its vast watershed, which spells a bright outlook for the area and its tourism industry.

As of 2010, Lake Chapala's water level has remained high and quality has improved significantly due to new water treatment plants. The lake has been approved for recreational use since 2008.

LAKESIDE TOWNS

Chapala

The county seat in the central northshore area, Chapala offers several parks, the recently renovated boardwalk (malecón), an American Legion facility, and the largest tianguis (outdoor market) in the area. Although several satellite subdivisions around Chapala are almost exclusively expatriate, the town itself is mostly populated by native Mexicans who graciously accept the foreign community.

San Nicolas - Mezcala

East of Chapala lies several small pueblos, including San Nicolas and Mezcala, as well as the Vista del Lago subdivision, country club and golf course.

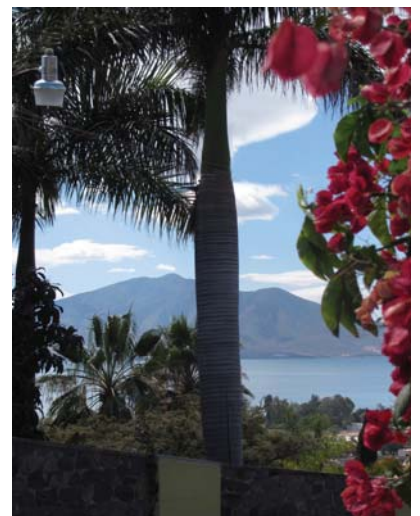

A full-scale restoration project on Lake Chapala's Mezcala Island is in progress. The town offers a new museum and boardwalk as part of plans to turn the town and island into an important heritage site and tourist attraction.

Ajijic

A few miles west of Chapala lies the town of Ajijic, home to the area's largest English-speaking population. Many are retired, although the number of younger expatriate couples and families moving here is increasing.

The town is known for its foreign artists and writers who have found Ajijic to be the perfect place to pursue their work.

The town possesses numerous villas and luxury homes with every modern convenience, all hidden behind large walls and graced with lush, tropical grounds. Despite ever-rising housing costs, Ajijic and its neighboring towns

North-of-the-border style housing developments are common at Lakeside, and offer every modern convenience.

continue to attract foreigners from all over the world.

Many elegant hotels, spas, B&Bs, a water park and ethnic restaurants are located here, with the Lake Chapala Society forming a hub of activity for English-speakers.

San Antonio Tlayacapan

Just east of Ajijic is the town of San Antonio Tlay, with a mostly-Mexican population of approximately 4,500. A lovely plaza and an outdoor auditorium are found here, in addition to a bustling commercial center on the highway through the town. The subdivision and golf course of Chula Vista lies between San Antonio and Chapala.

San Juan Cosalá

Heading west along the highway past Ajijic, one finds the small

town of San Juan Cosalá, famous for its thermal water Balneario (pools and bathhouse). On the outskirts of the town is a historic cluster of seafood restaurants called Piedra Barrenada.

Above the town of San Juan Cosalá lies the Raquet Club, an upscale development that offers spectacular lake views and other amenities.

Jocotepec

On the westernmost shores of Lake Chapala is the thriving town of Jocotepec. An increasing number of foreigners seeking economical rent and friendly people are making Jocotepec their home.

Although Jocotepec is further from Ajijic (the center of the foreign community), the town is laid-back, yet still progressive, offering a cultural center, library,

malecón, ecological park, and bandstand in the plaza. Motorcycles, scooters and 4-wheelers are a very common mode of transportation in Jocotepec. Additionally, a bypass allowing quicker access around Jocotepec and on to Guadalajara was recently completed.

Ixtlahuacán de los Membrillos

North of Chapala is the up-and-coming town of Ixtlahuacán de los Membrillos. Located midway between Guadalajara and Ajijic, the town is attracting an increasing number of expatriates.

Across the highway from a newly constructed town entrance are stands selling delicious wines, jellies and other products made from the tart apple-like *membrillo* (or quince), the town's namesake.

Tips for Newcomers

Tip Number 1:

The English-speaking community at Lake Chapala has an unrivaled grapevine; take advantage of it!! Word-of-mouth has always been especially useful and extensive here, and with a new bevy of internet web boards, blog sites and forums, there is little you cannot find out online or from friends. You may want to take what you hear with a grain of salt, but you can certainly find opinions and advice on just about every subject imaginable.

Tip Number 2:

Make life easier by taking advantage of payment options. Many utility and service payments — such as electricity (billed every two months), telephone, cable or satellite TV (billed monthly), etc. — can be made at your local Oxxo, Soriana or Walmart. In addition, some local banks will automatically deduct the amount from your account and pay your bills when they come due. Also, very few places in Mexico can accept your credit card, so be prepared to pay cash for most transactions.

Tip Number 3:

Explore your surroundings! Although it helps to know at least a smattering of Spanish, our Mexican hosts are usually quite gracious and friendly. Do not assume they speak no English; a large number of them speak at least *some* English. Common courtesy is always a must, and a good place to begin is at the weekly Street Market (*Tianguis*). Here is the schedule...

Street Market Schedule*

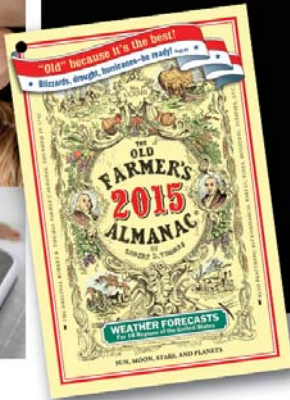

* All 8 a.m. - 3 p.m.

| | |
|---------------------|---|
| Ajijic: | Wednesdays, east side of Plaza Bugambilias |
| Chapala: | Mondays, across from Pemex station |
| Ixtlahuacan: | Sundays, Calle Fco. I. Madero NE of plaza |
| Jocotepec: | Thursdays, one block west of town plaza |

Tip Number 4:

Use common sense. Anywhere in the world, it is inadvisable to flash your money around, open your door to strangers, etc., and Mexico is no different. In the unlikely event you should find yourself the victim of a crime, please *report it!* The online website www.lakesidecrime.com/ provides a list of people who will help translate, offers excellent advice, and is a valuable resource for dealing with related government offices.

Publisher's Note: The Chapala Directory was created to fill a need for a user-friendly and comprehensive reference for the English-speaking public living or visiting here. We strive to improve the directories with each printing, and rely on reader feedback to guide our efforts. We invite you to submit your listings and suggestions to: **ImagenMxPublicidad@gmail.com**.

MOON PHASES 2015

By Tarra M. Sabin

PLANNING ACTIVITIES USING THE AGE-OLD "FARMER'S ALMANAC" METHOD

For more information: www.almanac.com/

Many "home remedies" have been verified as having a sound scientific basis, and there is substantial empirical evidence of the moon's effect on the earth, nature, and humans. Ocean tides, migrations, planting, harvesting, crime rates, violence, birth and death rates, and surgical complications have been proven to be affected by the moon. Also well-documented are changes provoked by the moon in weather, animals, the mentally ill, mentally retarded, young children, and emotionally sensitive people.

All the moon's possible effects are complex, and include much more than the phases (quarters). To keep things simple, we're going to cover the four seven-day phases of the moon and their effects. If you're interested in knowing more, a good place to start is with the web site of Llewellyn Worldwide® at www.llewellyn.com.

Here's some basic information about each quarter of the moon. The phases are marked on our calendar.

The First Quarter begins with the This is a time for beginnings and growth, and for drawing things to you. Things tend to "pull together". It's the most propitious time for seeds – and ideas – to germinate.

This quarter is favorable for putting permanent waves in hair; cutting or trimming hair to increase its thickness; mowing lawns or pruning plants to increase growth; starting construction; finding lost articles;

hiring employees; buying clothes; and starting medical treatments. To reduce the risk of hemorrhage with surgery, if possible schedule it within one week before or after a New Moon. After the New Moon – in the first quarter – healing is faster.

A good time to finalize plans is toward the end of this quarter. Shingles laid during the New Moon will curl at the edges; also, do not paint any thing near the New Moon.

The Second Quarter begins approximately seven days into the lunar cycle, and ends with the Full Moon.

This quarter signifies growth, development, and expression of things already in existence. It's a good time to add to projects or concentrate on completing those taking shape. It's also favorable for selling animals; buying or sewing clothing; designing, repairing; having dental work done; having eyes tested, glasses fitted, or beginning eye treatments; lending money; beginning legal matters (but not court dates); making a will; beginning a romance; getting married; trimming hair to increase growth and thickness; mowing lawns to increase growth and thickness; and hiring staff.

Timber cut during the first or second quarter will warp and/or split, decay faster, and become worm-eaten. Fence posts set during these quarters will loosen quickly.

The Third Quarter begins with the Full Moon, the time for completion, illumination, restlessness.

This quarter is favorable for pouring concrete; canning and making jelly and preserves; cutting timber and fence posts; setting fence posts; demolishing structures; transplanting; weeding gardens; filling teeth; fitting and making dentures; harvesting crops, especially grain for storage; drying food or crops; asking for a loan; buying goods; trimming hair to slow growth; mowing lawns and pruning plants to slow growth; pruning fruit trees, bushes, and vines to promote better fruit; building a roof; ending relationships; firing staff (but not on day of Full Moon); brewing; and starting a diet to lose weight.

The best sauerkraut is made just after the Full Moon. Mushrooms should be gathered at the Full Moon. The day after the Full Moon is the best time of any month for fishing.

Avoid the Full Moon for having teeth removed, or breeding animals. Avoid the week before and the week

after the Full Moon for spaying, neutering, or de-clawing animals.

Moon for spaying, neutering, or de-clawing animals.

The Fourth Quarter begins around the 21st day of the lunar cycle. This is a time of disintegration, drawing back for reorganizing, reflection on what has passed, and clearing out and ridding your self of what is no longer needed or wanted. It's time to make room for the new coming in with the next lunar cycle.

This quarter is good for brewing; canning, making preserves and jellies; cultivating to prepare for planting at the New Moon; cutting timber and fence posts; setting fence posts; starting compost; using organic fertilizers (like compost); breaking bad habits; stopping smoking; ending bad relationships; harvesting crops; spraying and weeding; borrowing money; cutting hair to slow growth; pruning and mowing to decrease growth; building a roof; firing staff; and starting a diet to lose weight.

How to use your Chapala Directory

The Chapala (Lakeside) Directory contains three basic sections:

1. **INTRODUCTORY SECTION:** Contains emergency numbers, ads, Area Information for residents and tourists, an Internet Resource Guide to Lakeside, metric conversion tables, moon phases, Lakeside special events, and area street maps, .
3. **RESIDENTIAL LISTINGS SECTION:** In this section, find calendars, an alphabetized list of area residents, their personal phone numbers and optional email address. Please note that all residential listings are local calls within the Ajijic-Chapala Area Code (376) unless otherwise noted. For confidentiality and security reasons, addresses are NOT included.
4. **YELLOW PAGES:** The business section (Yellow Pages) begins with an Index to alphabetized categories, translated categories, advertiser index, etc. Display ads are combined with the classified listings. For ease of reference for the reader, some cross-references are provided.

Dialing Information

- **Local Dialing Information:** As in Canada and the U.S., long-distance numbers in Mexico have a 3-digit city code, followed by a 7-digit local number. For local calls within your area code (376) for the Ajijic-Chapala area), use only the 7-digit number.
- **Long-Distance Dialing:** When calling a ground line outside the Ajijic-Chapala area, add 01 plus the city/area code before the 7-digit number.
- **International Calls:** To call the U.S. and Canada, use the long distance access code (001), then the area code and 7-digit local number. The country code for Mexico is 52. When dialing from the U.S. or Canada to a cellphone in Mexico, add a number "1" after the international dialing code.
- **Toll-Free Dialing:** To call a toll-free U.S. 800-number, dial the US long distance code (001), then 800-number. To dial a Mexico 800-number, first dial 01 instead of 001. No charge will appear on your phone bill. It may be possible to reach a US 01-800 number using 001-880, a US 01-888 number using 001-881, a US 01-877 number using 001-882 or a US 01-866 number using 001-833; however these calls carry a fee (less than the normal LD rate to the US).
- **Operator Assistance:** Call 040 or 01-800-123-2223 if you need assistance calling within Mexico. Call 090 if you need assistance for international calls. Call 01-800-368-0500 if you need assistance from an English-speaking operator.
- **Emergencies:** Call 911, as in U.S., Canada and many other countries.
- **Cell Phone Calls:** Lakeside ground line-to-cell calls require 045 before the area code and 7-digit number. Cell-to-cell calls need only the area code and 7-digit number. Until recently, most cell phones used a Guadalajara prefix, 331, 332 or 333; however that is no longer necessarily the case.
- **City / Area Codes are:**

| | |
|-------------------------------------|------------|
| Ajijic-Chapala Area | 376 |
| Jocotepec-San Juan Cosalá Area..... | 387 |
| Guadalajara..... | 331 or 333 |
- **Lakeside Prefixes are:**

| | |
|-----------------------------------|------------|
| Ajijic & San Antonio Tlay..... | 766 or 106 |
| Chapala & Riberas del Pilar..... | 765 or 106 |
| Ixtlahuacan dlm..... | 762 or 103 |
| Jocotepec..... | 763 or 764 |
| San Juan Cosalá..... | 761 or 764 |
| San Nicolas & Vista del Lago..... | 763 |

FAQ

Q: Why are addresses NOT included in the Chapala Directory?

A. Security reasons! This is a PUBLIC directory. A burgler could sit outside your home, and with a quick phone call know if you are home or not.

Getting to know best of lakechapala.com

A guide to exploring and experiencing the Chapala Riviera

BestofLakeChapala.com was launched by Imagen (Publishers of this Directory and the StreetSmart map guide) in early 2014, and continues to expand its articles and features about the Lakeside area and Mexico in general. So far, it offers articles about the area, its lifestyles, Mexico mysteries, travel. It also offers a community events calendar, and (very soon) a goods and services directory.

Additionally, perhaps the site's biggest attraction is the Lakeside People's Choice Awards (see a complete list of the 2015 winners on Pages 14-15). As we enter our third year, the validity of the People's Choice project seems to be increasing as public awareness and participation grows. This 2015 survey garnered many more votes than

the previous year (approx. 10,000 total), and we expect 2016 to be even better. We even have plans that will streamline and improve the entire voting experience.

The People's Choice survey is exactly what it says: a People's Choice survey, with categories and nominees submitted by John Q. Public, and winners chosen via a preponderance of public votes. The objective of the survey is to give deserving local businesspeople a pat on the back. It is not a competition judged by a panel of pre-qualified experts; instead all opinions count equally.

Look for the People's Choice winner's emblem in ads and web sites, and watch for announcements of refinements that will streamline and improve the entire voting experience in 2016.

Feel free to utilize our Community Events Calendar (available now) and take advantage of the Goods & Services Directory (to be launched in early 2016).

Visit our Facebook page to receive news and notices quickly. Don't forget to give us a "Like" and help us support our local business.

Villa Infantil

A Home for Children

The Villa Infantil de Nuestra Señora de
Guadalupe y San José, A.C. is an orphanage
at Lake Chapala that cares for very young
children found abandoned on the streets of
Guadalajara.

The focus of our group is education of the children and support for their health and welfare.
We receive NO funding from the state or federal government; we depend entirely on private
donors, sponsors and fundraisers to provide the needed financing for the family at the Villa.

We welcome all who wish to help. We know that all gifts are important no matter the size.
Whether you wish to spend an hour visiting at the Villa, donate your time, a meal, or a monetary
gift, all are accepted with gratitude.

Visit our website at FriendsOfVillaInfantil.org or give direct to
our cause through lakechapalacharities.org and receive
a tax deduction on the amount you give.

el corazón creativo / the creative heart

The store for independent Artisans of Lakeside

Who are we?

el corazón creativo is a collective for local artisans - a central retail location in Ajjic where you will find a multitude of gifts and everyday items, a space for a quick rest stop or linger on the patio using the Wi-Fi, a water bottle refill or a clean bathroom break.

Among our selection you will find greeting cards, housewares and hostess gifts, pottery and outdoor wall art, hand-carved wooden furniture, masks, clothing and jewelry, crosses, tin art, hearts (of course) and lots more...

Most items are hand-made and one of a kind, so if you don't see the size, shape or color you like, you can work with the artisans to design the exact item you want.

The selection at changes continually so come by to see what's new from our local artisans or our Feria Maestros del Arte friends and visiting artisans from Guerrero, Chiapas, Michoacán, Oaxaca, San Miguel de Allende & Mexico City.

Where are we?

FUSION

Art Gallery

-more than just a pretty face-

The Art of Collecting Fine Art

**Looking for that one-of-a-kind piece
that really expresses your good taste?**

We, at Fusion Art Gallery, take the confusion out of collecting fine art. Imagine entertaining your friends with unique, collectible fine art that has been customized to your personal taste.

We put the pleasure back into investing in fine art.

We represent established and up-and-coming artists from around the area and around the world.

Offering a complete line of fine art and home/office design services:

- **One-of-a-kind, collectible fine art** – wall art, sculpture, murals, faux finishes, prints.
- **Mandalas** – using ancient techniques we create healing art for both general applications (offices, wellness centers, lobbies...) and customized to your personal needs (energetic support for your healing and wellness goals).
- **Custom designs** – not all artists are willing, or able, to customize their work without sacrificing its value. We work with many artists who know how to customize their unique styles to blend with your individual taste- and still maintain their investment value.
- **Interior design services** – want you guests to be 'Wowed' when they come over? Not sure how to make that best impression? Call us today. You'll be glad you did.
- **Art Rental Services** – want to enjoy fine art without the investment of ownership? We make it easy. We handle the delivery, installation, service and change-outs. Have a business or home that could use a change of scene? Consider renting fine art. Call us today.
- **Exhibits** - We will be featuring various artists in upcoming exhibitions, so stay tuned!
- **Community support.** A portion of all our sales goes to support local charities.
- **Learn to paint or draw!** Learn to draw! Fun classes or private lessons. Follow us on Facebook for updates.
- **Aura Portraits** by Ted Shaw. International artist, Ted Shaw, connects with your soul energy, captures it in an abstract painting and helps you understand the hidden meanings in your colors.
- **And more!** Have a project in mind, Call us!

Chapala crafts market bites the dust

Wrecking crews tear down Chapala's long-abandoned artesanias market.

Workmen at the site say the land is being leveled to create a parking area

By Dale Hoyt Palfrey

Say bye-bye to Chapala's Mercado de Artesanias, a crumbling landmark located across the road from the town's

Acapulquito seafood restaurant row. Demolition of the 35-year old structure got under way Tuesday, January 5. The plan is for the building to be totally razed by the middle of the month.

festivities that kick off on January 29. The fate of 65 mature trees that dot the exterior area also remains a mystery.

In the meantime, the half-dozen vendors who were still working on the premises have moved into a string of portable booths installed along the sidewalk on the far side of the street to hawk clothing, souvenir trinkets and

"Sid, Thank you for your wonderful hospitality. We thoroughly enjoyed our trip, and we realize it was so much better than we expected. You were a huge part of that, and we feel so blessed to have you in our life. We appreciate all the time you took to cart us around on our errands, being a tour guide, eating at great places & showing us all the properties. We felt very well taken care of." — John and Debra M.
