Lake Chapala

PHOTO BY ROGER SIMERLY (RSIMERLY.COM)

LAKE CHAPALA, the largest natural lake in Mexico, is home to the world’s largest English-Speaking community of expatriates, many of them originally from the U.S. or Canada. This directory serves that community, as well as the many English-speaking tourists who visit the region every year.

A number of factors attract foreigners to the area: excellent climate, natural beauty, reasonable cost of living, and friendly people. All of the components for a comfortable lifestyle are available here, or within a short drive. The ads in this book illustrate those amenities.

Arguably the principal attraction to Lake Chapala is its semitropical climate, rated among the best in the world. At about 5,000 feet above sea level, with

The town malecón or boardwalk is always a favorite with residents and tourists.

an average temperature of 75° Fahrenheit, the sun shines almost every day. Even when the cooling rains come (June to September), it almost always rains during the late-night or pre-dawn hours, with the sunshine returning during the day.

Fireplaces are common, although mostly for ambiance. So moderate is the temperature that air conditioning and heating units are rarely seen.

Mexicans and foreigners alike enjoy the area's colonial architecture, reasonably priced hand-crafted goods, and both traditional Mexican or interna-

tional cuisine.

Unlike many areas of Mexico, a number of amenities are readily available here due to the large foreign community in residence. International ethnic restaurants, steak houses, and imported goods of all varieties can be found. Two- to five-star hotels, spas, touring companies, and scores of English-speaking organizations serve the year-round residents, the snowbirds (northerners who winter here) and tourists.

Over the past years, the Jalisco State government has invested greatly in improvements to populated area, such as the renovation

of the old train depot, parks, bike lanes, and the Chapala and Ajijic boardwalks.

Many of the small pueblos along the lakeshore offer diversion, and an endless selection of art, clothing, handcrafted furniture, jewelry, decorative items, etc.

HISTORY & CULTURE

Two islands are found in Lake Chapala. One of these, Scorpion Island, is a sacred site for indigenous Mexicans. The other, Mezcala, is a national monument and the site of a glorious episode

The Ajijic plaza, a gathering place for everyone.

Horses and burros are a relatively common sight.

in Mexican history.

In the early 1800's, from their stronghold on the island, a very determined band of 1000 Mexican insurgents — grossly outnumbered and with little or no arms and supplies—held off the powerful Spanish army and navy for four years. Eventually defeated by typhoid and dysentery rather than force of arms, the freedom fighters' brave resistance is said to have inspired Mexico's independence in 1821, ending 300 years of colonial rule

Just before the start of the 20th century, tourists discovered the sleepy little fishing village of Chapala and a small building boom began. D.H. Lawrence wrote his novel *The Plumed Serpent* while living in Chapala.

The novel is set on Sayula Lake, although the description is clearly that of Chapala town and lake.

CONDITION OF THE LAKE

In the early 1990s, with the construction of numerous dams and an increasing demand for water for industry and farming, a tug-of-war over rights to Lake Chapala and its water supply began. As a result, the lake level dropped to a critical stage and received worldwide attention.

In 2003, Lake Chapala was accepted as a full member of the Global Nature Fund's Living Lakes program, which works to protect and preserve endangered lakes of the world, such as Lake Chapala.

Unusually abundant rainy sea-

sons in recent years, 2018 (last year) in particular, combined with upstream dams being filled and thus forced to release excess water, have restored the lake level, bringing a flood of tourists back to the area.

In early 2009, Lake Chapala was added to the international list of important wetlands by the Ramsar Treaty. Enlistees of the Ramsar Convention agree to conserve and protect natural wetland areas which provide waterfowl habitat, such as Lake Chapala. The move is expected to check environmental degradation of the country's largest lake and its vast watershed, which spells a bright outlook for the area and its tourism industry.

As of 2010, Lake Chapala's water level has remained high and quality has improved significantly due to new water treatment plants. The lake has been approved for recreational use since 2008.

LAKESIDE TOWNS

Chapala

The county seat in the central northshore area, Chapala offers several parks, the recently renovated boardwalk (malecón), an American Legion facility, and the largest tianguis (outdoor market) in the area. Although several satellite subdivisions around Chapala are almost exclusively expatriate, the town itself is mostly populated by native Mexicans who graciously accept the foreign community.

San Nicolas - Mezcala

East of Chapala lies several small pueblos, including San Nicolas and Mezcala, as well as the Vista del Lago subdivision, country club and golf course.

A full-scale restoration project on Lake Chapala's Mezcala Island is in progress. The town offers a new museum and boardwalk as part of plans to turn the town and island into an important heritage site and tourist attraction.

Ajijic

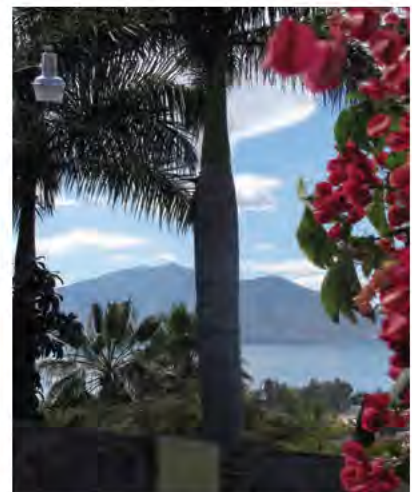

A few miles west of Chapala lies the town of Ajijic, home to the area's largest English-speaking population. Many are retired, although the number of younger expatriate couples and families moving here is increasing.

The town is known for its foreign artists and writers who have found Ajijic to be the perfect place to pursue their work.

The town possesses numerous villas and luxury homes with every modern convenience, all hidden behind large walls and graced with lush, tropical grounds. Despite ever-rising housing costs,

PHOTO BY ROGER SIMERLY (RSIMERLY.COM)

North-of-the-border style housing developments are common at Lakeside, and offer every modern convenience.

Ajijic and its neighboring towns continue to attract foreigners from all over the world.

Many elegant hotels, spas, B&Bs, a water park and ethnic restaurants are located here, with the Lake Chapala Society forming a hub of activity for English-speakers.

San Antonio Tlayacapan

Just east of Ajijic is the town of San Antonio Tlay, with a mostly-Mexican population of approximately 4,500. A lovely plaza and an outdoor auditorium are found here, in addition to a bustling commercial center on the highway through the town. The subdivision and golf course of Chula Vista lies between San Antonio and Chapala.

San Juan Cosalá

Heading west along the high-

way past Ajijic, one finds the small town of San Juan Cosalá, famous for its thermal water Balneario (pools and bathhouse). On the outskirts of the town is a historic cluster of seafood restaurants called Piedra Barrenada.

Above the town of San Juan Cosalá lies the Raquet Club, an upscale development that offers spectacular lake views and other amenities.

Jocotepec

On the westernmost shores of Lake Chapala is the thriving town of Jocotepec. An increasing number of foreigners seeking economical rent and friendly people are making Jocotepec their home.

Although Jocotepec is further from Ajijic (center of the foreign community), the town is laid-back, yet still progressive, offering a cultural center, library,

malecón, ecological park, and bandstand in the plaza. Motorcycles, scooters and 4-wheelers are a very common mode of transportation in Jocotepec. Additionally, a bypass allowing quicker access around Jocotepec and on to Guadalajara was recently completed.

Ixtlahuacán de los Membrillos

North of Chapala is the up-and-coming town of Ixtlahuacán de los Membrillos. Located midway between Guadalajara and Ajijic, the town is attracting an increasing number of expatriates.

Across the highway from a newly constructed town entrance are stands selling delicious wines, jellies and other products made from the tart apple-like *membrillo* (or quince), the town's namesake.

Tips for Newcomers

Tip Number 1:

The English-speaking community at Lake Chapala has an unrivaled grapevine; take advantage of it!! Word-of-mouth has always been especially useful and extensive here, and with a new bevy of internet web boards, blog sites and forums, there is little you cannot find out online or from friends. You may want to take what you hear with a grain of salt, but you can certainly find opinions and advice on just about every subject imaginable.

Tip Number 2:

Make life easier by taking advantage of payment options. Many utility and service payments — such as electricity (billed every two months), telephone, cable or satellite TV (billed monthly), etc. — can be made at local stores such as Oxxo, Soriana or Walmart. In addition, some local banks will automatically deduct the amount from your account and pay your bills when they come due. Also, a very limited number of places in Mexico can accept your credit card, so be prepared to pay cash for most transactions.

Tip Number 3:

Explore your surroundings! Although it helps to know at least a smattering of Spanish, our Mexican hosts are usually quite gracious and friendly. Do not assume they speak no English; a large number of them speak at least *some* English. Common courtesy is always a must, and a good place to begin is at the weekly Street Market (*Tianguis*) and weekly Farmers' Markets. Here is the schedule...

Street Market Schedule*

* All 8 a.m. - 3 p.m.

Ajijic:	Wednesdays, east side of Plaza Bugambilias
Chapala:	Mondays, across from Pemex station
Ixtlahuacan:	Sundays, Calle Fco. I. Madero NE of plaza
Jocotepec:	Thursdays, one block west of town plaza

Farmers' Market Schedule*

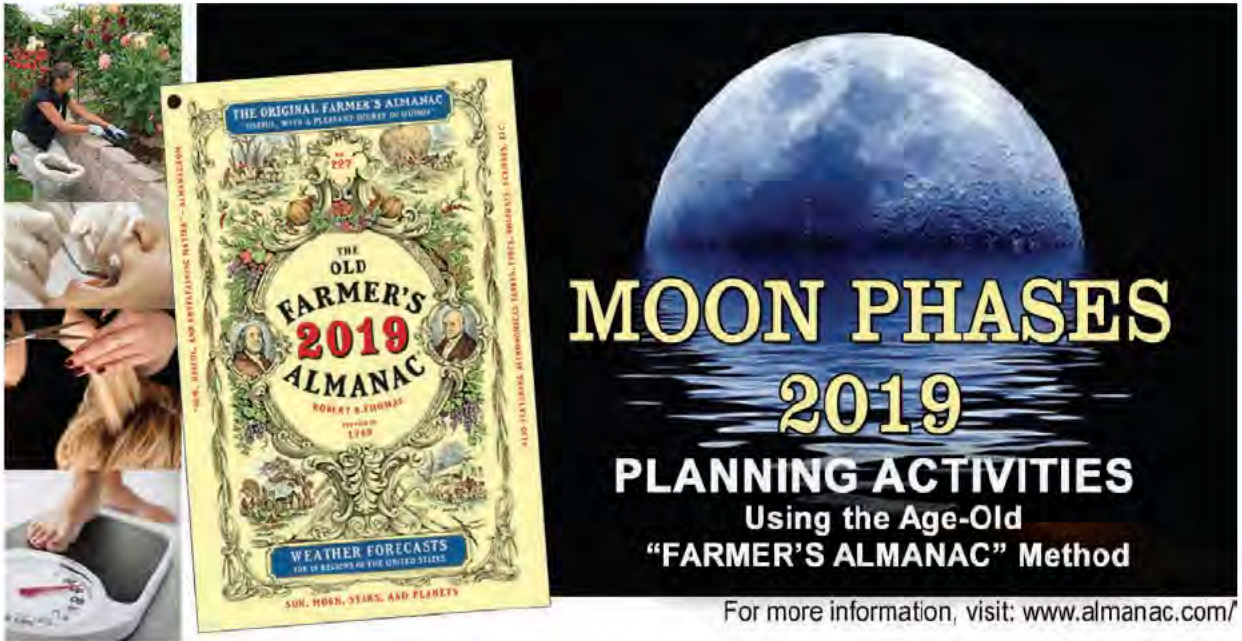

* All 10 a.m. - 12:30 p.m.

Mondays	Sunrise Restaurant, San Antonio Tlay.
Thursdays	La Huerta de Serna, Ajijic West on the Hwy
Fridays	El BarCo, Carr. Oriente 33, Ajijic
As Announced	Jasmine's Restaurant, south side of Ajijic Plaza

Tip Number 4:

Use common sense. Anywhere in the world, it is inadvisable to flash your money or expensive jewelry around, fail to lock your home or car doors, open your door to strangers, etc., and Mexico is no different. In the unlikely event you should find yourself the victim of a crime, please *report it!* Contact the municipal police and go to the *presidencia* near the Chapala *malecón*. It is helpful to bring a translator if you do not speak Spanish.

Publisher's Note: The Chapala Directory was created to fill a need for a user-friendly and comprehensive reference for the English-speaking public living or visiting here. We strive to improve the directories with each printing, and rely on reader feedback to guide our efforts. We invite you to submit your listings and suggestions to: ImagenMxPublicidad@gmail.com.

Many “home remedies” have been verified as having a sound scientific basis, and there is substantial empirical evidence of the moon’s effect on the earth, nature, and humans. Ocean tides, migrations, planting, harvesting, crime rates, violence, birth and death rates, and surgical complications have been proven to be affected by the moon. Also well-documented are changes provoked by the moon in weather, animals, the mentally ill, mentally retarded, young children, and emotionally sensitive people.

All the moon’s possible effects are complex, and include much more than the phases (quarters). To keep things simple, we’re going to cover the four seven-day phases of the moon and their effects. If you’re interested in knowing more, a good place to start is with the web site of Llewellyn Worldwide® at www.llewellyn.com. Here’s some basic information about each quarter of the moon. The phases are marked on our calendar.

The First Quarter begins with the This is a time for beginnings and growth, and for drawing things to you. Things tend to “pull together”. It’s the most propitious time for seeds – and ideas – to germinate.

This quarter is favorable for putting permanent waves in hair; cutting or trimming hair to increase

its thickness; mowing lawns or pruning plants to increase growth; starting construction; and starting medical treatments. To reduce the risk of hemorrhage with surgery, if possible schedule it within one week before or after a New Moon. After the New Moon—in the first quarter—healing is faster.

A good time to finalize plans is toward the end of this quarter. Shingles laid during the New Moon will curl at the edges; also, do not paint any thing near the New Moon.

The Second Quarter begins approximately seven days into the lunar cycle, and ends with the Full Moon. This quarter signifies growth, development, and expression of things already in existence. It’s a good time to add to projects or concentrate on completing those taking shape. It’s also favorable for selling animals; buying or sewing clothing; designing, repairing; having dental work done; having eyes tested, glasses fitted, or beginning eye treatments; lending money; beginning legal matters (but not court dates); making a will; beginning a romance; getting married; trimming hair to increase growth and thickness; mowing lawns to increase growth and thickness; and hiring staff.

The Third Quarter begins with the Full Moon, the time for completion, illumination, restlessness.

This quarter is favorable for pouring concrete; canning and making jelly and preserves; transplanting; weeding gardens; filling teeth; fitting and making dentures; harvesting crops, especially grain for storage; drying food or crops; asking for a loan; buying goods; trimming hair to slow growth; mowing lawns and pruning plants to slow growth; pruning fruit trees, bushes, and vines to promote better fruit; building a roof; ending relationships; firing staff (but not on day of Full Moon); brewing; and starting a diet to lose weight.

The best sauerkraut is made just after the Full Moon. Mushrooms should be gathered at the Full Moon. The day after the Full Moon is the best time of any month for fishing.

Avoid the Full Moon for having teeth removed, or breeding animals. Avoid the week before and the

week after the Full Moon for spaying, neutering, or de-clawing animals.

The Fourth Quarter begins around the 21st day of the lunar cycle. This is a time of disintegration, drawing back for reorganizing, reflection on what has passed, and clearing out and ridding your self of what is no longer needed or wanted. It's time to make room for the new coming in with the next lunar cycle.

This quarter is good for brewing; canning, making preserves and jellies; cultivating to prepare for planting at the New Moon; starting compost; using organic fertilizers (like compost); breaking bad habits; stopping smoking; ending bad relationships; harvesting crops; spraying and weeding; borrowing money; cutting hair to slow growth; pruning and mowing to decrease growth; building a roof; firing staff; and starting a diet to lose weight.

How to use your Chapala Directory

The Chapala (Lakeside) Directory contains three basic sections:

- 1. INTRODUCTORY SECTION:** Contains emergency numbers, ads, Area Information for residents and tourists, metric conversion tables, moon phases, Lakeside special events, and area street maps, .
- 2. RESIDENTIAL LISTINGS SECTION:** In this section, find calendars, an alphabetized list of area residents, their personal phone numbers and optional email address. For confidentiality and security reasons, addresses are NOT included.
- 3. YELLOW PAGES:** The business section (Yellow Pages) begins with an Index to alphabetized categories, For ease of reference for the reader, some cross-references are provided.

Dialing Information

IMPORTANT NOTICE: Beginning August 3, the 01 prefix is being phased out. Dialing ANY phone number within Mexico (whether local, long-distance, land line or cell phone) will only require the input of 10 digits. To reach any Mexican land line or cell phone from another country, dial +52 + (local phone number).

- **Local Dialing Information:** As in Canada and the U.S., long-distance numbers in Mexico have a 3-digit city code, followed by a 7-digit local number. For local calls within your area code (376) for the Ajijic-Chapala area), use only the 7-digit number.
- **Long-Distance Dialing:** When calling a ground line outside the Ajijic-Chapala area, add 01 plus the city/area code before the 7-digit number.
- **International Calls:** To call the U.S. and Canada, use the long distance access code (001), then the area code and 7-digit local number. The country code for Mexico is 52. When dialing from the U.S. or Canada to a cellphone in Mexico, add a number "1" after the international dialing code.
- **Toll-Free Dialing:** To call a toll-free U.S. 800-number, dial the US long distance code (001), then 800-number. To dial a Mexico 800-number, first dial 01 instead of 001. No charge will appear on your phone bill. It may be possible to reach a US 01-800 number using 001-880, a US 01-888 number using 001-881, a US 01-877 number using 001-882 or a US 01-866 number using 001-833; however these calls carry a fee (less than the normal LD rate to the US).
- **Operator Assistance:** Call 040 or 01-800-123-2223 if you need assistance calling within Mexico. Call 090 if you need assistance for international calls, and 01-800-368-0500 for an English-speaking operator.
- **Emergencies:** Call 911, as in U.S., Canada and many other countries.
- **Cell Phone Calls:** Lakeside ground line-to-cell calls require 045 before the area code and 7-digit number. Cell-to-cell calls need only the area code and 7-digit number.
- **City / Area Codes are:**

Ajijic-Chapala Area	376
Jocotepec-San Juan Cosalá Area	387
Guadalajara	331 or 333
- **Lakeside Prefixes are:**

FAQ

Q: Why are addresses NOT included in the Chapala Directory?

A. Security reasons! This is a PUBLIC directory. A burgler could sit outside your home, and

with a quick phone call know if you are home or not.

Villa Infantil

A Home for Children

The Villa Infantil de Nuestra Señora de Guadalupe y San José, A.C. is an orphanage at Lake Chapala that cares for very young children found abandoned on the streets of Guadalajara.

The focus of our group is education of the children and support for their health and welfare. We receive NO funding from the state or federal government; we depend entirely on private donors, sponsors and fundraisers to provide the needed financing for the family at the Villa.

We welcome all who wish to help. We know that all gifts are important no matter the size. Whether you wish to spend an hour visiting at the Villa, donate your time, a meal, or a monetary gift, all are accepted with gratitude.

Visit our website at FriendsOfVillaInfantil.org or give direct to our cause through lakechapalacharities.org and receive a tax deduction on the amount you give.

True Testimonial

Dr. Don,
Thank you for making my dental work necessity a most pleasant and painless one! I enjoyed meeting you and conversing with you and your friendly staff.

Thank you for not being greedy, like American dentists, finding ostensibly plausible reasons for generating higher costs. You truly are a gentle dentist.

Looking forward to seeing you again in the near future.
With Regards,

*Marlaine Cole,
E. Texas*

A True Testimonial

Dear Dr. Don,
Please accept this heart felt thank you for the amazing work you did in fixing my broken crown. You can't imagine my panic when I broke my front tooth. The fact that you asked me to come in immediately and not even wait for an appointment was so wonderful. But to be leaving Mexico within 48 hours with two beautiful front teeth was a miracle to me. I love these beautiful porcelain crowns that look so completely natural. The colour match could not be better. Your staff, both the technician, Gloria, and the administrator Myra were such a comfort to me. Thanks you so much and I look forward to continued work with you on my next visit to Mexico... I just can't stop smiling.

Stephanie Doucette

A True Testimonial

We started using Dr. Don 16 years ago when we lived in Ajijic and we continue to have all our dental work done by him, even though we currently live in Pennsylvania for the last 10 years. All our children and friends have also used him, and are very happy with the results. He is accommodating, friendly, and painless, and certainly worth the trip!

Barbara and Thomas Ruffalo

A True Testimonial

Hi. I have been a patient of Dr. Don Olivera for the past 8 years. The service provided by this skilled dentist and his wonderful staff has been efficient, caring and completely 'painless'. This dental team, without a doubt, provides some of the best treatment available Lakeside, utilizing the latest technology. I highly recommend this practice and have been indebted to them for their gentle and compassionate service.

Carol Bowman

True Testimonial

I describe Dr. Don's dental practice as compassionately professional. Every single person who works there is totally focused on their patients. The office is as high tech as any north of the border.

What makes Dr. Don and his team so special is how kind and caring they are. I have friends who come to visit from Canada and the US who have been treated by Dr. Don...And he is the first persons they want to see when they visit!

Finally! North American-style "Group" Health Insurance for your *peace-of-mind*

BEST INSURANCE PROVIDER

Our passion and mission is to help expats maintain their health, wellbeing, and sense of security.

... Offering your choice from two (2) cost-effective healthcare plans to meet your individual needs.

Why You May Need Us:

- ✓ The quality of Mexico's public healthcare system does not meet your standards or needs.
- ✓ Or, even if you are to find a good quality local healthcare plan, it's too expensive.
- ✓ You find the local healthcare system confusing or a struggle due to language or cultural barriers.
- ✓ Many popular travel destinations require you to have international private medical insurance.

Chapala mayor vows to protect El Tepalo

By Dale Hoyt Palfrey

Mayor Moisés Anaya was praised for holding a face-to-face meeting with residents of Ajijc Monday, January 7, Chapala Mayor Moisés Anaya pledged to stand against development near the Tepalo waterfalls and hiking trail, in the interest of preserving the natural landscape.

Presiding at his first town meeting with inhabitants of Ajijc Monday, January 7, Chapala Mayor Moisés Anaya pledged to stand against development near the Tepalo waterfalls and hiking trail, in the interest of preserving the natural landscape.

Hijacking a lengthy period of the session, Alicia Córdova and Lina Doyle pressed the mayor for details on his stance.

"I will do everything in my power to defend El Tepalo," Anaya insisted. "I cannot undo what was authorized before

However, the state Secretaría del Medio Ambiente

Poblado Ribera del Cardenal
Experiencia Humana

LAKESIDE CHAPALA'S BEST VIEW!

¡LA MEJOR VISTA DE LA RIBERA DE CHAPALA!

Built around the now-restored remains of an old stone bridge tower and arches that once crossed a stream on Lake Chapala's shore south of Jocotepec and San Pedro Tesistán, Ribera del Cardenal embodies a new take on an old concept.

The developers of Ribera del Cardenal are recreating an entire community on this picturesque spot overlooking the lake. The 38-hectare development includes 800+ lake view lots, cobble streets, commercial space, whitewashed houses, and, many other communal spaces where resident families can come together and share their lives.
